MONSTER TOWERS

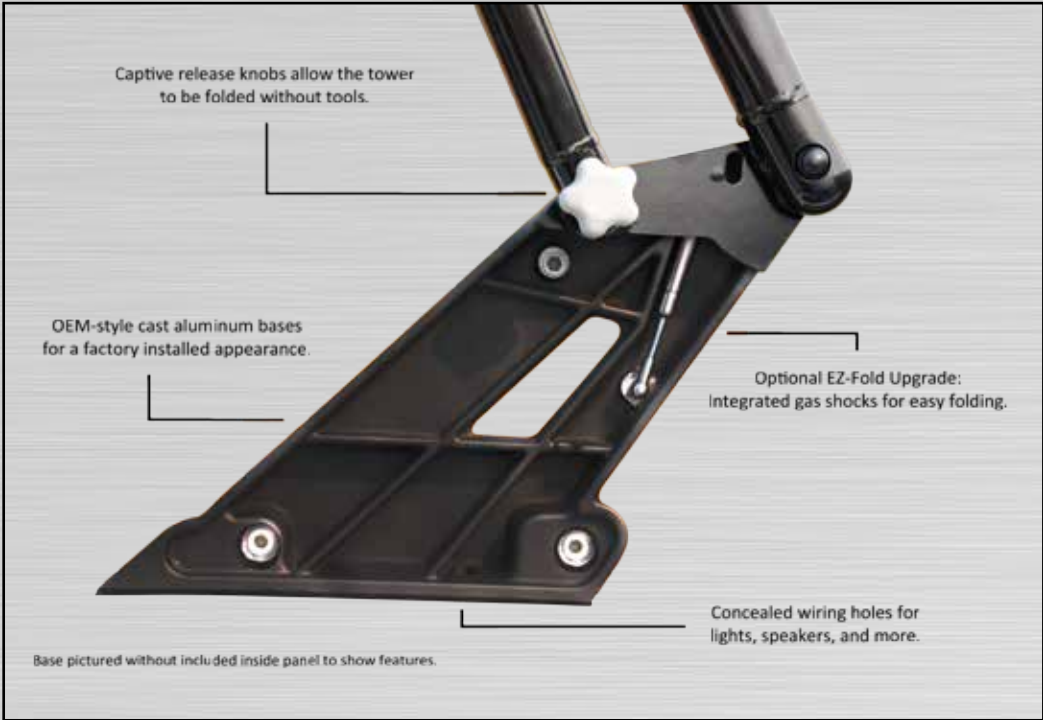

Images shown with options, not included.

HS1

Monster Tower's hybrid series of towers features a combination of aluminum tubing and cast mounting bases for superior pulling power and a factory installed appearance. Notable options include an integrated Bimini top, EZ-Fold shocks and sound bar mounts.

- Fits boats longer than 16 feet, 76" - 96" wide
- 2.25" polished and anodized or powder-coated tubing
- Quick release mounts allow folding aft without tools
- Tower-mounted navigation light
- Two bar top for additional accessory mounts
- Five-year warranty

Polished P/N: SOT500
Black finish P/N: SOT504

In addition to its sleek design, the HS1 boasts a host of features and options to ensure the ultimate boating experience every time. Choose from polished aluminum or black powder-coated finish to complement your boat.

CVR-SW (Surf/Wake Rack Cover)

CVR-LB (Light Bar Cover)

TurboSwing: The Ultimate Outboard Boat Towing Solution

If you have an outboard powered boat, TurboSwing is the ultimate towing solution. TurboSwing's patented technology elevates the tow rope above the wake, provides smooth consistent pulls, and can improve towing power and fuel efficiency. The TurboSwing tow bar can accommodate tubing in addition to wakeboarding and water skiing.

- Corrosion resistant 316 stainless steel tow bar elevates the tow rope
- Pulley system affords consistent pulls for multiple riders simultaneously
- Improves vessel stability, maneuverability, fuel economy & tow power
- Universal motor bracket installation - fits virtually any outboard brand
- Protects engine from impact and tow rope chafe

P/N: TS-(indicate size)

HangTyte

HangTyte's patented design eliminates standing water on mooring covers without the use of poles or having to climb under the canvas. Simply affix the clamshell to your boat's mooring cover, take the line around your tower's pylon and ratchet it tight to remove indentations where water can collect. Keep your boat and cover looking better longer with HangTyte.

P/N: HANGTYTE

Top 3 Monster Tower Advantages

Why should you buy a Monster Tower over any other tower brand? Well, first of all, we **were** first of all. Monster Tower was the first company to come up with an aftermarket tower you could install on your boat. And for all 15 of our years in business we have been the largest aftermarket tower company. We have many reasons why your next tower should be a Monster, but here are a few of our favorites:

- We offer a wide range of towers in stock featuring rock solid designs with no movement, available for same business day shipping.
- Best customer service on the planet. Our 40,000+ existing customers are our best sales representatives.
- Monster's Guarantee: If you don't love your Monster Tower, we want it back. Period.
